They attending conferences, workshops, webinars, seminars, symposiums, FDP program with a view to enlightening teachers on latest developments in the field of education, which help them update with latest concepts that are required for professional development. And also discuss on NEP 20 or share information by what's app to each other. Student-Centered Development Teachers, in order to let learners learn in the best possible ways, have to adapt to the changes from time to time. Learners live in a different setup as compared to teachers. This gap can be bridged by teachers only when they reach out to the mental level of the learners. Over a period of time there have been tremendous changes in the setup of our education system. He has to constantly reflect upon his actions as a teacher and make necessary changes to suit the need of the hour

4.3 ICT Infrastructure

4.3.1

Institution updates its ICT facilities including Wi-Fi

Response:

Jijamata Education Society's College of Education, Nandurbar has a well-equipped computer laboratory for students with a total of 10 computers and internet facility connected to it through LAN. In this computer lab students find all the demonstrations related to their demonstration or various information related to them. And it benefits them in their actual studies and teaching. Students use and benefit from this computer lab for practice sessions and practical's. Updating ICT (Information and Communication Technology) facilities including Wi-Fi is important to maintain a modern and efficient environment. This technology upgrade brings numerous benefits such as faster and more reliable Internet connectivity, enhanced network security, improved communication and collaboration, and increased productivity. The college has internet facility in computer room, office, principal room, library, seminar hall and class rooms. A lab of 10 computers has been prepared for the students in the college. There are 03 computers in the office. 3 computer is provided in the library. 1 computers are provided in the principal's room. All these computers are complete with internet service. This computer system is LAN. Initially the college had Swami Net Services private internet conncted. It benefits the students.

Seminar room, 1 multipurpose halls and classrooms are equipped with projectors in the college. It is used by students during study and micro-teaching or during seminars. Salaries, electricity payments and other payments are made online and offline in the college. Also, since the students' admission, nomination, examination application, hall ticket is all online, this internet-enabled computer service is needed. Adequate bandwidth has been ensured to handle the number of devices connecting to the wired network in the college and to provide adequate coverage throughout the institution. The college has a total intake capacity of 100 students with 50 students in first year and 50 students in second year. This internet system and number of computers are sufficient for this access capability. The college will acquire a server in future and intends to keep the entire data of the college safe in it. The college is considering implementing robust security measures such as strong encryption protocol firewalls and network access controls to protect against unauthorized access and data breaches. The college intends to provide adequate resources and support channels to resolve any connectivity or technical issues that the student users of Jijamata Education Society's College of Education, nandurbar may encounter, and carefully undertake the upgrade process keeping in mind their specific requirements, budget and future needs. Before the first cycle of NAAC, the college intends to upgrade ICT facilities including Wi-Fi, which is available today.

5.3 Student Participation and Activities

5.3.1

Student council is active and plays a proactive role in the institutional functioning

Response:

Jijamata College of Education, Nandurbar has a representative body of the students in which students are elected every year at the start of the academic year. Student council is formed as per the rules and regulations of Government and Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon. Student representatives are selected by merit of CET score. It helps to maintain a parallel system between students and

administration. We are firm believers that overall growth of students is possible only when we give students a platform to express themselves in their areas of interest other than the academic front. The student council plays a proactive role in institutional functioning and contributes significantly to the well-being and success of students. By representing the student body and advocating for their needs and interests, the student council serves as a crucial bridge between students and the administration. Here are some ways in which the student council fulfills its proactive role.

The student council serves as the voice of the student body, ensuring that their concerns, opinions, and suggestions are heard and addressed by the institution. Council members actively engage with students, gather feedback, and identify key issues affecting the student community. They then advocate for necessary changes or improvements to the administration, faculty, and staff. Every year institutes form various committees in the beginning of the year; student council members are included in every committee. Students council of the college works for the benefit of the students throughout the year and pursues several activities within and outside the college campus. The student representatives coordinate various activities and responsibilities entrusted by the college to them. They act as a link between students and the faculty members and the college. The representatives provide feedback about various activities undertaken by the faculties and the college as well as how the decisions of college authorities are received by the student. Meetings of the representative body and college administration take place regularly to work out different activities of the college. The major activities pursued by the students council every year are - Cultural Activities, literary activities like elocution and debate competition, day celebration as per Government regulations, birth anniversaries of great personalities, curricular and co-curricular activities, guest lectures, sports competition, annual gathering. The council also supports students in times of crisis or challenges, offering guidance, resources, and a supportive network. Through their involvement in decision-making, support systems, academic enhancement, student engagement, and effective communication, the student council helps shape a positive and inclusive educational experience for all students.

Response:

The Jijamata Education Societys College of Education, Nandurbar has formulated a comprehensive waste management policy that outlines the principles and procedures for handling waste generated within its premises. With a focus on waste reduction, recycling, and responsible disposal, the college aims to create a clean and eco-friendly environment.

Policy for Waste Management :

- 1.Waste Reduction:** The institution prioritizes waste reduction by promoting practices that minimize waste generation. This includes encouraging the use of digital platforms for communication and documentation to reduce paper waste, promoting reusable products and materials.
- 2.Segregation at Source:** The College emphasizes the segregation of waste at its source to facilitate effective waste management. Waste bins are strategically placed throughout the campus, clearly labeled for different types of waste, such as paper, plastic, glass, and organic waste. The policy requires individuals to properly segregate their waste before disposing of it in the designated bins.
- 3.Recycling and Composting:** The waste collection is conducted on a daily basis, and the degradable waste is subsequently buried near trees or in nearby pits with the intention of transforming it into nourishing compost for the trees. Additionally, other forms of waste management such as vermicomposting are also implemented. Organic waste, such as food scraps and garden waste, is composted to produce nutrient-rich compost for landscaping purposes.
- 4.Waste Disposal:** Within the college premises, a dedicated solid waste disposal bin has been established to gather items such as broken glass, beakers, test tubes, rubber tubes, and other similar materials. This receptacle serves as a centralized storage point for the solid waste collected from the entire campus. Subsequently, the accumulated solid waste is picked up by the Municipal Corporation on alternate days for proper disposal.

- Awareness and Education : Government Bed College Yavatmal conducts awareness campaigns and educational programs to promote waste management practices among students, faculty, and staff.
- Implementation Procedure for Waste Management :

- 1.Infrastructure Setup:** The institution has established waste collection points and composting facilities across the campus. Adequate waste bins and containers are placed at strategic locations for easy access and proper segregation.

- 2.Collaboration with Stakeholders:** Government College of Yavatmal collaborates with local waste management authorities and composting experts to enhance waste management practices. The institution actively engages with these stakeholders to stay updated on best practices and explore opportunities for improvement.

- 3.Continuous Improvement:** The College is committed to continuous improvement in waste management. Feedback from stakeholders is actively sought and considered for the refinement of waste management policies and procedures. Regular reviews and evaluations are conducted to identify areas for further enhancement and to implement innovative waste management solutions.

Through waste reduction, segregation, recycling, and responsible disposal, the institution sets an example

Institution puts forth efforts leveraging local environment, locational knowledge and resources, community practices and challenges.

Response:

Jijamata College of Education is always sensitive and emphatic towards Social, environmental and community problem. As per KBCNMU, Jalgaon syllabus EPC4 Environmental Studies is included in B.Ed. first year, in this activity students submit reports after surveying a typically degraded area and to

suggest necessary remedial measures with latest statistical data on following topics 1)Ecosystem 2) Natural Resources3) Environmental Pollution 4)Human Communities 5)Disaster Management 6)Environmental Movement. Time to time the college has organized the seminars, webinars and programs touching the issue of environment, society and community. The college is willing to nurture a healthy environment for which different programs like plantation are organized. India is a country of multi ethnic culture where people belonging to religious, racial, cultural and lingual identities live tog ether harmoniously. So to maintain an inclusive environment and to give environmental awareness and knowledge about resources and community practicality is very necessary to the students. Keeping this view in mind. Jijamata College of Education tries to maintain harmony and try to create good will among students.

Infrastructure and Learning Resources are in ideal state. Infrastructural environment remains pollution free. Continuous augmentation enables it to keep pace with academic growth. Mechanisms for maintenance and optimal use of infrastructure are in place. Qualified faculty and staff shares workload equitably and collectively. Whole of staff is engaged in institutional activities. The well equipped library is rich with adequate learning resources and mechanism to review the library related services and learning resources decision making are in order. The campus environment, practice of mentoring and monitoring progress of the students, support and enhance the effectiveness of the faculty and students. Developing leadership qualities through real work- situation among the students is another feature.

Our institution tries to inculcate the habit of responsible interaction with environment to preserve natural resources. We teach our students to create balance resilience and inter connectedness that allows human society to satisfy its needs. Following courses helps us to infuse environment among students: Corporate Social Responsibility .These life lessons are delivered through case studies, live projects, role plays and experiential learning. The institution ignites sensitivity towards society and environment by various activities like visit to old age home, interaction with specially abled people, visit to orphanages and motivating students to spread awareness of cleanliness and 'Swach Bharat Mission'.
